

Nitrous Oxide Instructions

PLEASE READ PRIOR TO YOUR APPOINTMENT

If you are scheduled for a dental procedure under nitrous oxide sedation, please adhere to the following instructions prior to your appointment:

1. **Eating and drinking.** Do not eat or drink anything for 2 hours prior to your appointment.
2. **Transportation.** Arranging for a driver to take you home after your procedure is not required. The effects of nitrous oxide sedation wear off instantaneously.
3. **Medications.** You may take your usual medications with small sips of water prior to your appointment.
4. **Clothing.** Please wear a short sleeve shirt to facilitate blood pressure measurement at the start of your procedure.
5. **Pregnancy.** If you are, or think that you might be pregnant, you must NOT have any form of sedation.
